

Shippensburg University Innovation Team

President John Harriman

Meeting start: 4:00pm, DHC 205

- I. Dividing and Conquering – 4:10pm
 - i. When the baja car process begins, we need to have several different teams to divide the workload of the build.
 - Began a list of who wants to be a part of the following teams; design, mechanical, electrical, and software team.
- II. Weight of baja car – 4:25
 - ii. Begin asking Dr. Shafiq about material research and costs for the frame and chassis of baja car.
- III. Trebuchet – 4:45
 - iii. The trebuchet idea is to create a catapult that is used to play cornhole.
 - Awareness of the S.U.I.T.
 - iv. Begin design, then build.
 - Mostly wooden build, metal for arm and axis.
 - v. Price out materials.

Meeting adjourned – 5:00pm
